Essentials

Protective Products for Those Who Protect and Serve

We work hard to make ordering simple...

By Web

Visit fishersci.com/firstresponder or fishersci.ca to order. Place online orders between 5 a.m. and 11 p.m. Monday through Friday, and between 8 a.m. and 9 p.m. during the weekend.

By Email

Email your order to CSO.CAT@thermofisher.com (U.S.) or fishersci.orders@thermofisher.com (Canada).

By Phone

If you're ordering in the U.S., call **+1 800-226-4732** (Federal Government and Military) or **+1 888-263-5319** (State and Local Government). If you're ordering in Canada, call **+1 800-234-7437** to place an order between 7:30 a.m. and 7:30 p.m., Monday through Friday.

By Fax

Fax your orders to **+1 866-897-9946** (U.S.) or **+1 800-463-2996** (Canada).

By Mail

Mail your order to a Customer Service Center — visit fishersci.com or fishersci.ca for the location nearest you. Non-account holders should send remittance (certified check, money order or credit card number). A customer service representative can help you estimate shipping charges and tax.

In Person

Contact your account manager to discuss available contracts. If you don't have an account manager, in the U.S. call **+1 800-226-4732** (Federal Government and Military) or **+1 888-263-5319** (State and Local Government). Or if you're ordering in Canada, call **+1 800-234-7437**.

Visit fishersci.com/promotions and fishersci.ca/promotions for all current promotions.

Protective Products

The Difference Between Walking Away — or Not

We understand that protective equipment is not an option for law enforcement, but can make the difference between walking away from a dangerous circumstance — or not. From traffic control to drug-lab responses and more, we supply law enforcement agencies with a full line of protective products:

- Body shields
- Communication devices
- Decontamination showers and shelters
- Ear plugs and hearing protection
- Emergency lighting
- First responder gear and PPE
- Glasses, goggles and face masks
- Gloves
- Radiation monitoring instruments
- Supplied air respirators
- Thermal imaging cameras
- Traffic safety products
- WMD monitors

APPAREL

LION™ MT94™ Multi-Threat CBRN Garment

Perform in Challenging Circumstances

Provides vapor, liquid and flame-resistant protection for chemical or biological incidents. Streamlined design and light weight deliver optimum comfort and natural freedom of movement.

Catalog Numbers: 19-813-181 (Medium), 19-813-182 (Large), 19-813-183 (X-Large), 19-813-184 (2X-Large) and 19-813-185 (3X-Large)

U.S. only 

Kappler™ Zytron™ 300 Chemical Protection Coverall

Chemical Splash Protection

For hazardous conditions with potential for chemical splash. Elastic hood opening fits better against respirators. Includes diagonal zipper front, attached double gloves and sock boots.

Catalog Numbers: 19-167-861A (X-Small), 19-167-861B (Small/Medium), 19-167-861C (Large/X-Large), 19-167-861D (2X/3X-Large) and 19-167-861E (4X-Large)

U.S. only 

DuPont™ Tychem™ ThermoPro TP198T Coveralls

Seal Out Contaminants

Protects against flash fire, electric arc and liquid-chemical splash, and a wide range of toxic and chemical warfare agents.

Catalog Numbers: 19-101-300 through -328; available in orange or gray, sizes S to 5X-Large

U.S. only 

Radiation Shield Technologies Demron™ Two-Ply Radiation Torso Vest

Increased Shielding for Vital Organs

Provides protection against ionizing radiation in the form of X-rays, low-energy gamma emissions and high- and low-energy beta and alpha particles.

Catalog Number: 19-005-100 (One size)

U.S. only 

Kappler™ Frontline™ 300 Chemical and Fire Protection Coverall with Hood Opening

Innovative Single-Fabric Solution

For combined chemical and flash fire protection. Attached sock boots and butyl gloves for complete coverage.

Catalog Numbers: 18-025-671 (Small/Medium), 18-025-672 (Large/X-Large), 18-025-673 (2X/3X-Large), 18-025-674 (4X-Large) and 18-025-675 (5X-Large)

U.S. only 

Radiation Shield Technologies Demron™ ICE (Ebola) Multi-Use Suit

Meets CDC Guidelines

Demron ICE is a full-body CBRN, blood, and virus protection suit. Patented self-cooling fabric is rugged, durable and engineered to withstand constant use.

Catalog Number: 19-005-103 (One size)

U.S. only 

APPAREL

Kappler™ ProVent™ 10,000 Coverall with Hood and Boots

Ideal for Biohazard Cleanup

ProVent is a patented microporous film composite fabric that offers barrier protection against blood-borne pathogens, body fluids and viral threats.

Catalog Numbers: 19-169-330 (X-Small), 19-169-331 (Small/Medium), 19-169-332 (Large/X-Large), 19-169-333 (2X/3X-Large) and 19-169-334 (4X-Large)

U.S. only 

Kappler Zytron™ 200 Coveralls

Resist wide range of chemicals. Suitable for uses where rip-out is a concern. Zippered front. Color: Gray.

Catalog Numbers: 19-168-994 (Elastic wrist/ankle), 19-171-135A (Plain wrist/ankle, collar) and 19-171-137A (Elastic wrist/ankle, collar).

Other sizes available.

Tingley HazProof™ Work Boots

Uniquely Designed Foot Area

Smooth, seamless orange PVC resists chemical permeation and provides flame retardation. Foot area accommodates the extra bulk of encapsulated suits; steel-toed with slip-resistant cleated outsoles.

Catalog Numbers: 19-034-461B (Size 7), 19-034-461C (Size 8), 19-034-461D (Size 9), 19-034-461E (Size 10), 19-034-461F (Size 11), 19-034-461G (Size 12) and 19-034-461H (Size 13)

CHEMICAL IDENTIFICATION

Gemini™ Analyzer

Significant Tactical Advantage

Identify a broad range of unknown chemicals and explosives in the field quickly, safely and confidently with a single instrument.

Catalog Number: Contact your local sales representative

DuPont™ Tychem™ SL Coverall with Hood

Ideal for Hazardous Response

Effective protection for waste management, PCB cleanup, hazardous response and nuclear environments. With attached hood (elastic opening), elastic wrists and ankles, taped seams and zipper front.

Catalog Numbers: 19-088-2132 (Medium), 19-088-2131 (Large), 19-088-2005A (X-Large), 19-087-152 (2X-Large), 19-088-2005B (3X-Large) and 19-088-2134 (4X-Large)

Thermo Scientific™ FirstDefender™ RMX Handheld Chemical Identification Analyzer

Quickly Identify Unknowns

The FirstDefender RMX uses Raman spectroscopy to quickly identify unknown solid and liquid chemicals and algorithms to determine the presence of mixed and contaminated chemicals.

Catalog Number: 17-720-414
U.S. only 

Got a drug problem?

TruNarc it!

As law enforcement officers operating in the field, you need rapid analysis of suspected illicit drugs. The Thermo Scientific™ TruNarc™ analyzer accurately identifies hundreds of substances, including priorities **fenfentanyl**, **furanylfentanyl**, **W-18**, **U-47700** and **dibutylone**. Library updates enable ID of the latest threats, improving intelligence and protecting the community.

Thermo Scientific TruNarc handheld narcotics analyzer – one test, multiple substances

CHEMICAL IDENTIFICATION

Thermo Scientific™ TruNarc™ Handheld Narcotics Analyzer

One Test for Multiple Narcotics

The TruNarc allows you to scan directly through plastic or glass and produces clear, presumptive identification of drugs of abuse, common cutting agents, precursors and emerging drug threats.

Catalog Number: 17-730-100

U.S. only 

Dräger™ Clandestine Lab Simultest Kit

Detect Toxic Chemicals in Minutes

Provides simple, semi-quantitative measurement of hazardous substances typically found in clandestine methamphetamine labs.

Catalog Number: 19-080-707

Thermo Scientific™ TruDefender™ FTX Handheld FTIR Analyzer

Built for Field Use

Uses FTIR spectroscopy to quickly identify explosives or hazardous materials. These analyzers have a self-contained sampling head and are rugged and waterproof.

Catalog Numbers: 17-730-201 (TruDefender FTX) and 18-001-133 (TruDefender FTX Combo Kit)

U.S. only 

Dräger™ Clandestine Lab Simultest Reagent Set

Chemical-Detecting Reagents

Five-tube reagent set includes tests for ammonia, hydrochloric acid, iodine, phosgene and phosphine. For use with the Dräger Clandestine Lab Simultest Kit (Cat. No. 19-080-707).

Catalog Number: 19-080-708

CHEMICAL IDENTIFICATION

Dräger™ accuro™ Bellows Pump

One-Handed Operation

Manual gas detector pump for spot measurements in areas that are hard to reach or require breathing protection. Can easily be operated with one hand.

Catalog Number: 17-986-70A

EYE AND FACE PROTECTION

3M™ SmartLens™ Photochromic Protective Eyewear

Lenses Darken and Lighten

Abrasion-resistant polycarbonate lenses that darken or lighten with outdoor light changes. Soft adjustable nose bridge, nylon brow and magnesium alloy spring-hinged temple for a flexible fit.

Catalog Number: 18-120-258

ALTAIR™ 4X Multigas Detector

Economical Construction

Durable detector simultaneously measures up to four gases, including combustible gases. Features four-year sensor life, 24-hour run time and reduced calibration gas requirements.

Catalog Number: 19-100-810

FACILITY SAFETY AND MAINTENANCE

Streamlight™ Stinger™ Flashlight

Compact, Rechargeable and Bright

Black, knurled, aircraft-aluminum body; maximum output of 11,000 candela/90 lumens. Standard charge time is 10 hours and each charge provides about 1.25 hours of continuous use.

Catalog Numbers: 19-086-460 and 19-819-840

U.S. only 

EYE AND FACE PROTECTION

3M™ SecureFit™ Protective Eyewear

Self-Adjusting Feature

No need to stock multiple frame sizes at work sites; secure, snug fit prevents slippage even during motion. Stylish, lightweight design with anti-fog and anti-scratch lens coatings.

Catalog Number: 17-623-700

Streamlight™ Stinger™ LED Rechargeable Flashlight

Impact and Water Resistant

High-intensity, energy-efficient and non-heat-producing LED bulb uses minimal power and has a 6.75-hour run time. Maximum output: 23,550 candela/350 lumens.

Catalog Number: 19-500-556

U.S. only 

FACILITY SAFETY AND MAINTENANCE

Eagle™ Spill Containment Drums

Approved for Packing Groups I, II and III

Lightweight, nestable overpack drums for safe storage, transportation, cleanup and containment. Chemical- and weather-resistant HDPE construction; ultraviolet inhibitors added for durability.

Catalog Numbers:

19-999-348 (65 gal.)
and 19-999-349 (95 gal.)

Fisherbrand™ Absorbent Pads for Chemical Spills

Heavy Absorbency

Each polypropylene pad absorbs 22 gal. (83.2L). Each pad measures 15 x 19 in. (38 x 48cm), pack of 100.

Catalog Number:
19-140-918

Fisherbrand™ 17 gal. Chemical Spill Kit

Spill Response Solution

OSHA-compliant, easy-to-use kit includes 12 pads, three socks, two pillows, one pair of goggles, one pair of nitrile gloves, three disposal bags and a handbook.

Catalog Number: 19-140-937

Brady™ Woven Barricade Tape

Permanent Outdoor Marking

Durable woven polypropylene barricade tape contains special ultraviolet inhibitors for permanent outdoor use. Yellow and black horizontal warning stripes; 2 in. x 200 ft. per roll.

Catalog Number: 19-041-057

SPC™ Sorbent Booms

Soak Up the Solvents

Use these sorbents to soak up petroleum-based solvents or paints, vegetable oils, and other non-water-soluble chemicals.

Catalog Numbers:

19-039-123 (32 gal.)
and 18-999-2594 (71 gal.)

Brady™ ID Safety Tape for Radiation

“Caution Radiation Hazard”

Yellow, polyethylene safety tape pre-printed with “Caution Radiation Hazard” in magenta ink. For temporary outdoor or permanent indoor applications; 3 in. x 1000 ft. per roll.

Catalog Number:
19-190-003

EMERGENCY SERVICES

IRT ISO-POD™ Negative Pressure Individual Isolation System

Patient Isolation, Holding and Transport

Portable system designed to fit on a gurney or to be transported by hand. The HEPA Air Filtration System creates a negative air pressure environment for a contaminated patient to allow first responders to safely transport the person to more advanced medical treatment. Each model includes a blower unit, battery charger, blower hose assembly and inlet and outlet HEPA filters.

Catalog Numbers: 19-150-1140 (Economy), 19-150-1141 (Choice) and 19-150-1142 (Advantage)

U.S. only

FORENSIC METHODS

Sirchie Longwave UV Mini Light Source

For Crime Scene Search and Forensic Applications

Portable, battery-operated UV light is housed in rugged ABS plastic. It has a peak wavelength of 365nm and is ideal for viewing otherwise invisible stains, powders and pastes to detect theft.

Catalog Number: S99187

“Crime Scene Do Not Cross” Barrier Tape

Secure Your Crime Scene

This 3mil tape features black lettering on yellow polyethylene. Each roll is 3 in. x 1000 ft. and the warning repeats every 31 inches.

Catalog Number: S69003A

FORENSIC METHODS

PrintMatic™ Flawless Ink Pad

Clear, Undistorted Impressions

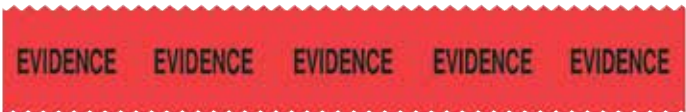

Ink pad features 7 to 10µm pores to produce highly detailed fingerprints and over 10,000 impressions. The plastic case features a snap-lock lid to protect the ink surface from contaminants.

Catalog Number: S99191

Evidence Integrity Strips

Peel and Apply

Adhesive-backed translucent red strips have the word “EVIDENCE” in black overprinting and can be marked with pencil or pen. The 1.375 x 7 in. tape strips are packed in an easy-feed dispenser box.

Catalog Number: S99539

Transparent Fingerprint Lifting Tape

Conforms to Most Surfaces

Lift powdered fingerprints and mount the tape on rigid vinyl or paper-coated backing sheets for further examination. The standard 1 in. core fits many tape dispensers.

Catalog Number: S99535

FORENSIC METHODS

Sirchie Silk Black Fingerprint Powder

Micromilled for the Finest Quality

Use this oxide fingerprint powder on light-colored, non-porous surfaces like painted wood, metal and most plastics.

Catalog Number: S99526

M2 Professional Magnifier

Excellent for Fingerprints

Black anodized aluminum magnifier with 4.5X magnification features a thumbscrew focus adjustment and allows for 360° classification disc rotation. (Discs sold separately.)

Catalog Number: S99181

Magnetic Powder Applicator

Ideal for Precision Dusting

Durable, injection-molded applicator features a narrow magnet to fit inside any size powder container. Use magnetic powders for finding latent prints on non-ferrous surfaces.

Catalog Number: S99534

ZIP-MIX™ Plaster Casting Kit

A Uniform, Smooth Mixture

Includes everything needed to cast a full-sized adult footprint: a 24 oz. bottle of pre-treated water, a 3 lb. package of plaster and a 13 x 18 in. mixing bag.

Catalog Number: S69042B

SEARCH™ Latent Print Value Kit

Everything Needed to Recover Fingerprints

Includes one roll of clear lift tape, twenty white backing/sketch cards, one regular powder brush, black latent powder, one pair of disposable latex gloves and one molded polypropylene carrying case.

Catalog Number: S69025A

Portable Fuming Chamber

Assembles and Disassembles Easily

Transparent, shatter-resistant acrylic cyanoacrylate development chamber holds an approximate volume of 16 gal. and includes a removable inner shelf with hangers, evidence clips and a carrying case.

Catalog Number: S69028A

FORENSIC METHODS

Mystaire™ CA Series Cyanoacrylate Fuming Chamber

Fume Evidence Safely

Fully automated cyanoacrylate fingerprinting system safely fumes evidence with consistent, reproducible results.

Catalog Number: 15-338-306

Blood Stain/Evidence Template

Document Physical Evidence

Die-cut templates are printed on pressure-sensitive, removable adhesive stock that sticks to walls, floors and ceilings and feature pre-printed scales and information blanks. Measures 10 x 10cm.

Catalog Number: S99183

Photo Evidence Scale

Calibrated in Inches and Millimeters

Used to indicate the precise dimensions of photographed evidence, these vinyl rulers have a flat finish to eliminate reflections. These six-inch (15.2cm) scales have crosshairs at both ends.

Catalog Number: S99182

AMPAC™ KeepSafe™ Evidence Collection Bags

For Uncompromised Evidence

Collection bags feature an ultra-tamper-evident closure, pouchweld side seams, sequential numbering and tear-off receipts. Bags are pre-printed with the information required for proper submission.

Catalog Numbers: 01-813-020 (10 x 17 in.), 01-813-021 (6 x 10.25 in.), 01-813-022 (10 x 13 in.), 01-813-023 (12.75 x 16.75 in.), 01-813-024 (20.5 x 28.75 in., Breathable) and 01-813-025 (14.25 x 21.25 in., Breathable)

Evidence Marking Flags

Easily Relocate Evidence

Brightly colored pre-printed yellow flags mark evidence for relocation or photographs. Each flag is 21 in. high with "Evidence — Do Not Touch" printed in black ink. Sold in packs of 100 each.

Catalog Number: S99537

Ampac™ 500 Series SealPAK Heavy Duty Pouches

Airtight and Leakproof

Transparent 4.5mil pouches can withstand temperatures from -56° to 115°C (-70° to 240°F). They can be gamma, infrared and e-beam sterilized, and sealed pouches can be VHP sterilized.

Catalog Numbers: 01-812-27 (32 oz.), 01-812-40 (16 oz.) and 01-812-76 (4 oz.)

FORENSIC METHODS

Ampac™ 400 Series SealPAK Pouches

Easily Sealable

Laminated 2.5mil pouches are ideal for histology and pathology specimens and can be frozen, microwaved or boiled.

Catalog Numbers: 01-812-16 (8 x 6.5 in., Polyester), 01-812-25A (6 x 4 in., PET/PE Flat Pouch) and 01-812-780 (6 x 4 in., Foil)

Ampac™ 400 Series SealPAK Pouches Roll Stock — Polyester

Create Custom-Sized Pouches

Polyester pouches with polyethylene lining do not react with formaldehyde, weak solutions of acids, alkalis, or organic solvents. Simply cut to the desired length and seal.

Catalog Number: 01-812-26A

Ampac™ 400 Series SealPAK Pouches Foil Roll Stock

Heat-Sealable

Create custom-size pouches from a polyester, foil and polypropylene (PET/Foil/PP) laminated material. Withstands temperatures up to 130°C (266°F) and can be autoclaved.

Catalog Number: 01-812-782

HAND PROTECTION

Honeywell North™ Curved Hand Butyl Gloves

Chemical-Resistant Gloves

Flexible and sensitive, curved finger and hand design with high permeation resistance to gas and water vapor. For use in domestic preparedness, Hazmat applications, chemical handling and processing.

Catalog Number: 19-130-1162C (Medium)

U.S. only 

Honeywell North™ Butyl Gloves

High Permeation Resistance

Hand-specific, made from butyl synthetic rubber, and available with smooth or rough finish. For use with ketones and esters, and applications such as chemical handling and processing and Hazmat work.

Catalog Number: 19-025-589 (Size 11)

U.S. only 

SHOWA™ N-DEX™ NightHawk™ Gloves

Stealth Black for Law Enforcement and Security Personnel

Excellent electrostatic discharge properties; made of 100% chemical-resistant nitrile. Designed for applications requiring protection and dexterity.

Catalog Numbers: 19-130-1300B (Small), 19-130-1300C (Medium), 19-130-1300D (Large) and 19-130-1300E (X-Large)

U.S. only 

RADIATION MONITORING

RadEye™ SPRD-GN Spectroscopic Personal Radiation Detector

Unprecedented Protection

First personal radiation detector that exceeds original ANSI N42.48 2008 standards for neutron alarms and still fits in the palm of your hand.

Catalog Number:

Contact your local sales representative

U.S. only 

RadEye SPRD-GN Kit

Lutetium test kit adapter for performance checking, cable and docking station for detailed analysis of data on a PC.

Catalog Number:

Contact your local sales representative

U.S. only 

Thermo Scientific™ RadEye™ Spectroscopic Personal Radiation Detector (SPRD)

Pocket-Sized Radiation Detection

Detect, locate and identify radioactive nuclide sources with the economic RadEye SPRD gamma radiation detector that combines a compact, lightweight design with long battery life.

Catalog Number: 19-175-715

U.S. only 

Thermo Scientific™ PackEye Radiation Detection Backpack

Lightweight Radiation Detection

Rapidly detect and locate gamma emissions in large areas with the highly sensitive plastic PackEye detector that features natural background rejection and can operate for up to 70 hours per charge.

Catalog Numbers: 19-175-638 (PackEye) and 19-175-639 (PackEye PDA)

U.S. only 

Thermo Scientific™ RadEye™ PRD Personal Radiation Detector

Radiation Detection for Any Scenario

The RadEye high-performance detection technology helps you locate hidden gamma radiation sources generated by nuclear weapons, improvised nuclear devices or radiological dispersal devices.

Catalog Number: 19-810-127

U.S. only 

Radiation Shield Technologies™ High-Energy Nuclear and Ballistic Shield

Easy Field Deployment

This shield can be used as a suppression blanket for IEDs, RDDs and RADs and features a high-strength 1000 denier Cordura outer covering for resistance to abrasion, flame and acid.

Catalog Number: 19-005-101

U.S. only 

RADIATION MONITORING

Radiation Shield Technologies™ Demron™ Crew Protect Blanket

Dual-Layer Protection

Two-ply blanket effectively shields against various forms of ionizing radiation and protects against X-ray and low-energy gamma emissions as well as high- and low-energy beta and alpha particles.

Catalog Number: 19-005-102

U.S. only 

RESPIRATORY PRODUCTS

3M™ FR-7800B Full Facepiece Reusable Respirator

No Left-to-Right Visual Distortion

Designed for military personnel and first responders. Features a unique double-flange, face-sealing surface to enhance fit and protection and dual-canister mount positions to accommodate weapon sighting.

Catalog Number: 19-130-4853A

RESPIRATORY PRODUCTS

Avon Protection™ FM53™ Air Purifying Respirator

One Mask, Multiple Capabilities

Positive-pressure SCBA, PAPR and negative-pressure APR capabilities all without the need to change components. Protects against chemical and biological warfare agents, select toxic industrial materials.

Catalog Numbers: 18-000-100 (Large), 18-000-101 (Medium), 18-000-102 (Small) and 18-000-103 (X-Small)

MSA™ Advantage™ 1000 CBA-RCA Gas Masks

Up to 40% Lighter than Conventional Full-Face Respirators

Simplified, lightweight Advantage 1000 respirators feature dual mounts for low-profile filter canisters and provide up to eight hours of protection against CN, CS, and OC tearing agents.

Catalog Numbers: 19-042-201 (Large), 19-042-200 (Medium) and 19-042-091 (Small)

Avon Protection™ C50™ Air Purifying Respirator

Flexible Protection

Protects against multiple threats, including chemical, biological, nuclear and radiological agents as well as toxic industrial chemicals and materials, all while offering superior comfort.

Catalog Numbers: 18-000-108 (Large), 18-000-109 (Medium) and 18-000-110 (Small)

MSA™ Millennium™ CBRN Gas Mask

Ideal for Law Enforcement and Emergency Response

Features dual-canister mounts for military-style 40mm threaded canisters, a speaking diaphragm, a drinking tube and a nose cup with check valves to prevent lens fogging.

Catalog Numbers: 19-130-0460 (Large), 19-130-0459 (Medium) and 19-130-0458 (Small)

RESPIRATORY PRODUCTS

Scott Safety™ Swat-Pak™ SCBA First Responder Edition

Optimum Protection for High-Risk Operations

Swat-Pack self-contained breathing apparatus features time-tested, fire-proven Scott Safety™ Air-Pack™ components, redundant pressure reducer with automatic back-up, and lightweight cylinder options.

Catalog Number: 19-121-444

U.S. only 

Avon Protection™ CBRNF12B Filter Canister

Classified for Industrial and CBRN Applications

NIOSH-approved CBRNF12B filter canister protects against all particulate hazards, including dust, mist, fume, bacteria and viruses, and against NIOSH-specified CBRN gases and vapors.

Catalog Number: 18-000-130

MSA™ Advantage™ 1000 CBA-RCA and Millennium™ CBRN Gas Mask Replacement Canisters

For Use with 40mm Threaded Advantage or Millennium CBRN Gas Masks

Replacement canisters with chemical sorbents and a P100 filter to attract, retain and neutralize contaminants.

Catalog Numbers: 19-042-129 (Case of 6) and 19-130-0457 (Individual)

TACTICAL EQUIPMENT

Tactical Electronics Under Door Camera PRO

Dual Camera Views

For covert inspection of room interiors or the interior side of doors. Forward- and upward-facing views can be wirelessly toggled. Telescoping pole enables quick deployment from a position of cover.

Catalog Number: NC1124871

U.S. only 

Avon Protection™ CTCF50 Riot Agent Filter

Low-Profile Combination Filter

The CTCF50 filter uses a pleated, high-efficiency filter element to eliminate riot-control agents and tear gases, including CS, CN, and OC pepper spray.

Catalog Number: 18-000-127

3M™ PELTOR™ ComTac™ III ACH Communication Headset

“Talk-Thru” Capability

Trusted, field-proven tactical communications and hearing protection headset with clear, intelligible two-way audio communications via radios and intercoms.

Catalog Number: 17-000-642

TACTICAL EQUIPMENT

3M™ PELTOR™ Swat-Tac™ III ACH Communication Headset

Maintain Situational Awareness

Meets the single hearing protection requirement for both steady-state and impulse noise awareness and face-to-face verbal conversation.

Catalog Number: 17-000-643

3M™ Peltor™ Lite-Com Pro II Two Way Radio Headset

Connect to 30 Channels

Connected hearing protection with fully programmable headset. Built-in, frequency-programmable UHF radio connects workers with up to 30 channels and enhances communication in high-noise environments.

Catalog Number: 19-164-110

3M™ PELTOR™ Push-To-Talk (PTT) Adapter for ACH Communication Headset

Optimize PTT Button Placement

For use with 2-way ComTac, SwatTac II series headsets. Ambidextrous design allows for use with either hand, and adapter can be placed for convenient activation.

Catalog Numbers: 17-000-645 and 19-150-1583

Tactical Electronics DET Diagnostic Kit (DDK)

Safely Perform Electronics Diagnostics

Includes all the tools required to perform detonator or switch diagnostics and the equipment to perform diagnostics on analog intrusion detection systems.

Catalog Number: NC0851436

U.S. only 

3M™ PELTOR™ Swat-Tac III™ Combat Helmet

Designed for Today's Warfighter

Level-dependent surround sound for "talk-thru" function. External communications and stereo "talk-thru" are independent of each other. Ambidextrous noise-canceling boom mic.

Catalog Number: 19-153-656

Tactical Electronics Pole Camera Search System

Wireless Video from Safe Distance

Provides surveillance around corners and barriers for a safe separation distance from threat. Uses multiple "quick-change" extensions and flexible rotating camera heads.

Catalog Number: NC1191287

U.S. only 

TACTICAL EQUIPMENT

Tactical Electronics Handheld Monitor

Video From Up to 4 Systems

Wireless handheld monitor displays real-time video from up to four camera systems. High-resolution screen self-ori-ents when the monitor is flipped upside down. Includes three brightness levels.

Catalog Number: NC0208573

U.S. only 

North American Rescue Tactical Operator Response Kit (TORK)

Critical Support for Wounded

Provides life-saving tools to address injuries caused by penetrating or blast trauma. Compact individual first-aid kit provides critical support for immediate self-aid/ buddy-aid at injury point.

Catalog Number:
NC1035493

U.S. only 

North American Rescue Combat Application Tourniquet (C-A-T)

Effective Prehospital Field Tourniquet

Official U.S. Army tourniquet, proven 100% effective in occluding blood flow in both upper and lower extremities. New single-routing buckle for faster application, decreased blood loss.

Catalog Number: NC0881958

U.S. only 

HIGHCOM Rifle Armor Kit: Trooper Series

Protection Against Bullets and Bombs

Full torso coverage for front and back. Kit includes one carrier, two placards, and two 10"x12", single-curve armor plates. Carrier has a two-year warranty; plates have a ten-year warranty.

Catalog Number: APC,
